Hi AnnaMarie,

I just wanted to send along a heartfelt thank you and congratulations on running such a wonderful summer camp at Kelsey Creek Farm. My daughter, Elise (6), participated in the Van Gogh Go art camp at the Farm last week and thoroughly enjoyed herself. I realize that it is not Kelsey Creek staff who run the art component itself, but you certainly get credit for the overall logistics and camp experience, as well as the great extended care (which we definitely appreciated!). I know it is a ton of work to run these camps every day, all summer long, but what a tremendous service you are providing for the community and a wonderful way to highlight the farm!

Thank you again, and I look forward to signing-up Elise (and her younger brother) for camp again next year!

Heather
